INTRODUCTION

We are particularly pleased to offer in this auction the distinguished collection of over 1,800 British trade tokens formed by Mr R.C. Bell, MB, FRCS, of Gosforth, Newcastle on Tyne.

Robert Charles Bell was born on 22 November 1917 at Sudbury, Ontario. He came to England from Canada in August 1928, and was educated at Haileybury and St Bartholomew's Hospital Medical College, London. During the War he served with the British Emergency Medical Service, followed by a spell in the Royal Canadian Air Force from 1945 to 1948. He returned to England to take up a consultancy post in the plastic surgery unit of Shotley Bridge General Hospital in county Durham, Newcastle Regional Hospital Board.

Mr Bell's numismatic activities began at the age of five when, with other children, he visited a burnt-out trapper's shack on Victoria Road, Vancouver, near the Fraser River, and found three South African coins amongst the still-warm ashes. A few weeks later his nascent collection increased by a quarter with the finding of a Hawaiian 5-cent metal tram ticket near his aunt's home at 3170 Broadway W., Vancouver.

By the mid-1950s his numismatic interest had transferred to British tokens, specifically the 18th and 19th century copper issues. An avid collector of tokens at that time could have the pick of the dealers' trays, and Mr Bell bought extensively, principally from Thomas Hunter at the Newcastle dealers Corbitt & Hunter, from Mrs Monica Bussell at Seaby and occasionally from Albert Baldwin, then head of his family's firm. By the mid-1970s the collection was largely complete; only judicious additions have been made since that time.

Robert Bell's name has been synonymous with a generation of collectors of British trade tokens thanks to his series of books, the first of which appeared as long ago as September 1963. In compiling them Mr Bell enjoyed help from a wide circle of correspondents, including John R. Farnell and A.W. Jan, whose collections have long since been dispersed. Segregating the different tokens into genuine, specious, private and political pieces, he followed in the footsteps of Richard Thomas Samuel, the anonymous 19th century author of a series of articles on tokens in *The Bazaar, Exchange and Mart*, and the Leamington Spa collector Arthur Waters. Fleshing out Samuel's articles and Waters' *Notes*, adding much useful background information and enlarged illustrations from direct photography, Mr Bell's books found a ready market at a time when original copies of the standard works by Dalton and Hamer and Davis were becoming increasingly difficult to obtain. Indeed, the success of Mr Bell's books was the catalyst which inspired Seaby to reprint these classics, in 1967 and 1969 respectively.

The sources of many of the illustrations in Mr Bell's books are the actual pieces now offered. Where the cataloguer is certain that a particular token is the same specimen pictured in one of Mr Bell's books, this is footnoted for the record; where the cataloguer is uncertain, or when it is obvious a different specimen has been used for illustration, no comment is made. It remains a matter of some regret that the illustrations in some of Mr Bell's books have been indifferently reproduced, inferring that the actual pieces themselves are either worn, brightly cleaned or dark to the point of illegibility. The truth is markedly different, and examination of the tokens themselves will show the majority to be in far better condition than the book illustrations suggest.

The tokens are being sold with Mr Bell's envelopes, on which all written attributions to the standard references have been thoroughly checked and corrected as necessary. Unfortunately, no more than a handful of pieces are sold with dealers' tickets or any kind of provenance; however, a *terminus ante quem* for ownership of those pieces illustrated in his books may be approximately determined by the publication date.

A past chairman of the Tyneside Numismatic Society and the recipient of life membership of the Numismatic Literary Guild in 1987, Mr Bell has authored numerous articles in the specialist British and North American numismatic press. Away from coins, another long-time interest of his has been board games. His award-winning *Board & Table Games from Many Civilisations* was published in two volumes between 1960 and 1978, and *Games of the World* appeared in 1975. He has also found the time to publish on a number of other diverse subjects, including Tyneside pottery, sailing and the use of skin grafts in plastic surgery. He is a former chairman of the Hadrianic Society, University of Durham, and a former chairman of the Friends of the Oriental Museum, Durham.

The Bell collection of British tokens is one of the last 'old' countrywide collections of its type. Its dispersal affords those who collect the series an excellent opportunity to acquire new specimens, whatever their interest or speciality. Of particular note are the 458 pieces in the 19th century unofficial farthing series, the largest ever grouping of this material to have been sold by auction. Mr Bell's pioneering enthusiasm for this virtually neglected group of tokens, assisted in no small part by the late Roy Hawkins, is especially worthy of record.

Despite selling his tokens, Mr Bell's interest in par anumismatica remains undimmed, and he is presently collecting and studying the modern pieces from his North American homeland.

6 struck.

Some of the details behind this interesting issue have been misinterpreted over the years, and are worth restating. In 1836 a Dr Chorley of Leeds had two dies engraved by Halliday of Birmingham for striking buttons for the livery of his coachman, the design being that of a falcon's head on a Cap of Maintenance. One of these dies was utilized by his son, Gerald Lorenzo Chorley, at that time a member of the Yorkshire Numismatic Society who lived at 23 Lyddon Terrace, Leeds. G.L. Chorley had a new reverse die made in 1913 (probably by Restall) and struck 6 pieces in silver, 6 in gilt-copper, 25 in bright copper, 25 in bronzed copper, plus two uniface striking in bright copper of obverse and reverse (YNS *Transactions* I, p.98 [1913]). Another gilt-copper specimen was in the Vorley collection (as part of lot 838)

Richard Thomas Samuel (1831-1906), author of the anonymous articles on tokens published in the *Bazaar, Exchange and Mart* between 1880 and 1889. He succeeded to estates at Bonvilston, Newton and Trecastle, Glamorganshire, in 1893; the significance of the date, 1898, is uncertain (Bell, *BNJ* 1963, pp.172-3), although it might reflect the 40th anniversary of his wedding to Elizabeth Mee. The latest published thinking (Bell, TT p.302), is that the medals of Samuel were all struck posthumously to the order of his family

Conditions of Business

Conditions mainly concerning buyers

1 The buyer

The highest bidder shall be the buyer at the 'hammer price' and any dispute shall be settled at the auctioneer's absolute discretion. Every bidder shall be deemed to act as principal unless there is in force a written acknowledgement by Dix Noonan Webb that he acts as agent on behalf of a named principal.

2 Minimum increment

The auctioneer shall have the right to refuse any bid which does not exceed the previous bid by at least 5 percent or by such other proportion as the auctioneer shall in his absolute discretion direct.

3 The premium

The buyer shall pay to Dix Noonan Webb a premium of 11.75% on the 'hammer price' inclusive of Value Added Tax at the standard rate on the premium and agrees that Dix Noonan Webb, when acting as agent for the seller, may also receive commission from the seller in accordance with Condition 15.

4 Value Added Tax (VAT)

Lots on which Value Added Tax is payable by the buyer on the 'hammer price' are indicated in the catalogue with the sign '†' or 'x'; indicating a liability of 17.5% and 2.5% respectively.

5 Payment

Immediately a lot is sold the buyer shall:—

(a) give to Dix Noonan Webb his name and address and, if so requested, proof of identity; and

(b) pay to Dix Noonan Webb the 'total amount due' (unless credit terms have been agreed with Dix Noonan Webb before the auction).

6 Dix Noonan Webb may, at its absolute discretion, agree credit terms with the buyer before an auction under which the buyer will be entitled to take possession of lots purchased up to an agreed amount in value in advance of payment by a determined future date of the 'total amount due'.

7 Any payments by a buyer to Dix Noonan Webb may be applied by Dix Noonan Webb towards any sums owing from that buyer to Dix Noonan Webb on any account whatever without regard to any directions of the buyer or his agent, whether express or implied.

8 Collection of purchases

The ownership of the lot purchased shall not pass to the buyer until he has made payment in full to Dix Noonan Webb of the 'total amount due'.

9 (a) The buyer shall at his own expense take away the lot purchased not later than 5 working days after the day of the auction but (unless credit terms have been agreed in accordance with Condition 7) not before payment to Dix Noonan Webb of the 'total amount due'.

(b) The buyer shall be responsible for any removal, storage and insurance charges on any lot not taken away within 5 working days after the day of the auction.

(c) The packing and handling of purchased lots by Dix Noonan Webb staff is undertaken solely as a courtesy to clients and in the case of fragile articles, will be undertaken only at Dix Noonan Webb's discretion. In no event will Dix Noonan Webb be liable for damage to glass or frames, regardless of the cause.

10 Buyers' responsibilities for Lots purchased

The buyer will be responsible for loss or damage to lots purchased from the time of collection or the expiry of 5 working days after the day of the auction, whichever is the sooner, and neither Dix Noonan Webb nor its servants or agents shall thereafter be responsible for any loss or damage of any kind, whether caused by negligence or otherwise, while any lot is in its custody or under its control.

11 Remedies for non-payment or failure to collect purchase

If any lot is not paid for in full and taken away in accordance with Conditions 6 and 10, or if there is any other breach of either of those Conditions, Dix Noonan Webb as agent of the seller shall, at its absolute discretion and without prejudice to any other rights it may have, be entitled to exercise one or more of the following rights and remedies:—

(a) to proceed against the buyer for damages for breach of contract.

(b) to rescind the sale of that or any other lots sold to the defaulting buyer at the same or any other auction.

(c) to re-sell the lot or cause it to be re-sold by public auction or private sale and the defaulting buyer shall pay to Dix Noonan Webb any resulting deficiency in the 'total amount due' after deduction of any part payment and addition of re-sale costs) and any surplus shall belong to the seller.

(d) to remove, store and insure the lot at the expense of the defaulting buyer and, in the case of storage, either at Dix Noonan Webb premises or elsewhere.

(e) to charge interest at a rate not exceeding 1.5% per month on the 'total amount due' to the extent it remains unpaid for more than 5 working days after the day of the auction.

(f) to retain that or any other lot sold to the same buyer at the sale or any other auction and release it only after payment of the 'total amount due'.

(g) to reject or ignore any bids made by or on behalf of the defaulting buyer at any future auctions or obtaining a deposit before accepting any bids in future.

(h) to apply any proceeds of sale then due or at any time thereafter becoming due to the defaulting buyer towards settlement of the 'total amount due' and to exercise a lien on any property of the defaulting buyer which is in Dix Noonan Webb possession for any purpose.

12 Liability of Dix Noonan Webb and Sellers

(a) Goods auctioned are usually of some age. All goods are sold with all faults and imperfections and errors of description. Illustrations in catalogues are for

identification only. Buyers should satisfy themselves prior to sale as to the condition of each lot and should exercise and rely on their own judgement as to whether the lot accords with its description. Subject to the obligations accepted by Dix Noonan Webb under this Condition, none of the seller, Dix Noonan Webb, its servants or agents is responsible for errors of descriptions or for the genuineness or authenticity of any lot, no warranty whatever is given by Dix Noonan Webb, its servants or agents, or any seller to any buyer in respect of any lot and any express or implied conditions or warranties are hereby excluded.

(b) Any lot which proves to be a 'deliberate forgery' may be returned by the buyer to Dix Noonan Webb within 15 days of the date of the auction in the same condition in which it was at the time of the auction, accompanied by a statement of defects, the number of the lot, and the date of the auction at which it was purchased. If Dix Noonan Webb is satisfied that the item is a 'deliberate forgery' and that the buyer has and is able to transfer a good and marketable title to the lot free from any third party claims, the sale will be set aside and any amount paid in respect of the lot will be refunded: Provided that the buyer shall have no rights under this Condition if:—

(i) the description in the catalogue at the date of the sale was in accordance with the then generally accepted opinion of scholars and experts or fairly indicated that there was a conflict of such opinion; or

(ii) the only method of establishing at the date of publication of the catalogue that the lot was a 'deliberate forgery' was by means of scientific processes not generally accepted for use until after publication of the catalogue or a process which was unreasonably expensive or impractical.

(iii) A buyer's claim under this Condition shall be limited to any amount paid in respect of the lot and shall not extend to any loss or damage suffered or expense incurred by him

(iv) The benefit of the Condition shall not be assignable and shall rest solely and exclusively in the buyer who, for the purpose of this condition, shall be and only be the person to whom the original invoice is made out by Dix Noonan Webb in respect of the lot sold.

Conditions mainly concerning sellers and consignors

13 Warranty of Title and Availability

The seller warrants to Dix Noonan Webb and to the buyer that he is the true owner of the property or is properly authorised to sell the property by the true owner and is able to transfer good and marketable title to the property free from any third party claims. The seller will indemnify Dix Noonan Webb, its servants and agents and the buyer against any loss or damage suffered by either in consequence or any breach on the part of the seller.

14 Reserves

The seller shall be entitled to place prior to the auction a reserve on any lot, being the minimum 'hammer price' at which that lot may be treated as sold. A reserve once

placed by the seller shall not be changed without the consent of Dix Noonan Webb. Dix Noonan Webb may at their option sell at a 'hammer price' below the reserve but in any such cases the sale proceeds to which the seller is entitled shall be the same as they would have been had the sale been at the reserve. Where a reserve has been placed, only the auctioneer may bid on behalf of the seller.

15 Authority to Deduct Commission and Expenses

The seller authorises Dix Noonan Webb to deduct commission at the 'stated rate' and 'expenses' from the 'hammer price' and acknowledge Dix Noonan Webb's right to retain the premium payable by the buyer.

16 Recession of Sale

If before Dix Noonan Webb remit the 'sale proceeds' to the seller, the buyer makes a claim to rescind the sale that is appropriate and Dix Noonan Webb is of the opinion that the claim is justified, Dix Noonan Webb is authorised to rescind the sale and refund to the buyer any amount paid to Dix Noonan Webb in respect of the lot.

17 Payment of Sale Proceeds

Dix Noonan Webb shall remit the 'sale proceeds' to the seller not later than 35 days after the auction, but if by that date Dix Noonan Webb has not received the 'total amount due' from the buyer then Dix Noonan Webb will remit the sale proceeds within five working days after the date on which the 'total amount due' is received from the buyer. If credit terms have been agreed between Dix Noonan Webb and the buyer, Dix Noonan Webb shall remit to the seller the sale proceeds not later than 35 days after the auction unless otherwise agreed by the seller.

18 If the buyer fails to pay to Dix Noonan Webb the 'total amount due' within 3 weeks after the auction, Dix Noonan Webb will endeavour to notify the seller and take the seller's instructions as to the appropriate course of action and, so far as in Dix Noonan Webb's opinion is practicable, will assist the seller to recover the 'total amount due' from the buyer. If circumstances do not permit Dix Noonan Webb to take instructions from the seller, the seller authorises Dix Noonan Webb at the seller's expense to agree special terms for payment of the 'total amount due', to remove, store and insure the lot sold, to settle claims made by or against the buyer on such terms as Dix Noonan Webb shall in its absolute discretion think fit, to take such steps to collect monies due by the buyer to the seller and if necessary to rescind the sale and refund money to the buyer.

19 If, notwithstanding that the buyer fails to pay to Dix Noonan Webb the 'total amount due' within three weeks after the auction, Dix Noonan Webb remits the 'sale proceeds' to the seller, the ownership of the lot shall pass to Dix Noonan Webb.

20 Charges for Withdrawn Lots

Where a seller cancels instructions for sale, Dix Noonan Webb reserve the right to charge a fee of 15% of Dix Noonan Webb's then latest estimate or middle estimate of the auction price of the property withdrawn, together with Value Added Tax thereon and 'expenses' incurred in relation to the property.

21 Rights to Photographs and Illustrations

The seller gives Dix Noonan Webb full and absolute right

to photograph and illustrate any lot placed in its hands for sale and to use such photographs and illustrations and any photographs and illustrations provided by the seller at any time at its absolute discretion (whether or not in connection with the auction).

22 Unsold Lots

Where any lot fails to sell, Dix Noonan Webb shall notify the seller accordingly. The seller shall make arrangements either to re-offer the lot for sale or to collect the lot.

23 Dix Noonan Webb reserve the right to charge commission up to one-half of the 'stated rates' calculated on the 'bought-in price' and in addition 'expenses' in respect of any unsold lots.

General conditions and definitions

24 Dix Noonan Webb sells as agent for the seller (except where it is stated wholly or partly to own any lot as principal) and as such is not responsible for any default by seller or buyer.

25 Any representation or statement by Dix Noonan Webb, in any catalogue as to authorship, attribution, genuineness, origin, date, age, provenance, condition or estimated selling price is a statement of opinion only. Every person interested should exercise and rely on his own judgement as to such matters and neither Dix Noonan Webb nor its servants or agents are responsible for the correctness of such opinions.

26 Whilst the interests of prospective buyers are best served by attendance at the auction, Dix Noonan Webb will, if so instructed, execute bids on their behalf, neither Dix Noonan Webb nor its servants or agents being responsible for any neglect or default in doing so or for failing to do so.

(b) Dix Noonan Webb declares itself to be a trustee for its relevant servants and agents of the benefit of every indemnity under these Conditions to the extent that such indemnity is expressed to be for the benefit of its servants and agents.

30 Any notice by Dix Noonan Webb to a seller, consignor, prospective bidder or buyer may be given by first class mail or airmail and if so given shall be deemed to have been duly received by the addressee 48 hours after posting.

31 These Conditions shall be governed by and construed in accordance with English law. All transactions to which these Conditions apply and all matters connected therewith shall also be governed by English law. Dix Noonan Webb hereby submits to the exclusive jurisdiction of the English courts and all other parties concerned hereby submit to the non-exclusive jurisdiction of the English courts.

32 In these Conditions:—

(a) 'catalogue' includes any advertisement, brochure, estimate, price list and other publication;

(b) 'hammer price' means the price at which a lot is knocked down by the auctioneer to the buyer;

(c) 'total amount due' means the 'hammer price' in respect of the lot sold together with any premium, Value Added Tax chargeable and additional charges and expenses due from a defaulting buyer in pounds sterling;

(d) 'deliberate forgery' means an imitation made with the intention of deceiving as to authorship, origin, date, age, period, culture or source which is not shown to be such in the description in the catalogue and which at the date of the sale had a value materially less than it would have had if it had been in accordance with that description.

(e) 'sale proceeds' means the net amount due to the seller being the 'hammer price' of the lot sold less commission at the 'stated rates' and 'expenses' and any other amounts due to Dix Noonan Webb by the seller in whatever capacity and howsoever rising;
